

Public Energy The Power of Performance

Dusk Dances 2013 In Rotary Park!

Becoming one of Peterborough's favourite summer events

Public Energy is very proud to bring back the annual outdoor sensation to Peterborough this July as Dusk Dances tours across Canada bringing the latest and bravest of new dance performance out of the studios and into our parks.

As dusk descends, host Dan Watson will lead us on a journey through the wilds of some of Canada's most fertile choreographic imaginations, as dancers perch, soar and splash through the glorious outdoors of Rotary Park.

Enjoy the delight of your fellow audience members which invariably includes children, dog walkers and local residents curious to see what on earth is unfolding throughout the park!

It's not only an artistic event
but a social and cultural one as well.

2013 will be Dusk Dances' 19th season.
Estimated audience over 4 days: 1000+
