PETERBOROUGH NEW DANCE is an animator of contemporary dance and, under the banner PUBLIC ENERGY, related forms encompassing theatre, new music and interdisciplinary work. Since 1994 we have presented a mainstage series of dance companies and independent choreographers drawn from across Canada, commissioned new work in concert with other Canadian presenters on the CanDance Network, and supported the development of the local dance, theatre and performance community by presenting area artists and arranging specialized classes and workshops.

Merrylynd Organics is located just east of Lakefield, on hwy 28, north of the Warsaw road. Our entire farm is certified organic. We operate a mill on the farm, where we create fresh, stone-ground organic flours. Every bag of flour is ground to order, and we always have beef cuts, so give us a call and come out to pick yours up.

Merrylynd is also home to our beautiful Belgian draught horses. We offer sleigh rides to couples, families, and large groups during the winter.

There's only one earth, there's only one you.

"As a painter one is always searching for perfection; a true work of art that's the sum of all its parts; the right amount of depth and balance of colour. Warkworth has that. It's nice to find so much blending together to form one place. If it was a painting I would definitely bring it home. For now I'll start one piece at a time"
