

Public Energy

THE POWER OF PERFORMANCE

Public Energy is Peterborough's animator of contemporary dance, theatre, performance and interdisciplinary work. Since 1994 we have presented a mainstage series of artists drawn from across Canada, commissioned new work in concert with other Canadian presenters on the CanDance Network, and supported the development of the local dance, theatre & performance community by presenting area artists and arranging specialized classes and workshops.

THE POWER OF PERFORMANCE

Welcome

This is Public Energy's one big fundraising event of the year, when all our friends and supporters - artists, businesses, board members and volunteers - give time, money, services and supplies to help us pull off one of the most creative evenings on the Peterborough arts calendar. Special thanks to the five Runway Challenge artists who have been busily working on their creations since being matched up with their business partners four weeks ago. They have poured all their creative energy into this one night and for that we are humbled and thankful.

This year I'd like to give a special shout out to someone who has been part of all six Wearable Art Shows, our emcee **Laurel Paluck**. Once again she has stepped up to do much more than show up on the night of the show - she is organizing rehearsals, coordinating photo shoots, interviewing artists in their studios for use in publicity, and all around helping behind the scenes to make sure the production elements are running smoothly. We couldn't do it without ya.

And of course, let's not forget the Peterborough artists whose imaginations fuel this event. Since our first show in 2011 we have seen more than 150 local artists, designers, models and performers contribute their time and talent to the Public Energy cause. With their continued support and your continued patronage, we should be able to pull off another six years of fabulous faux-fashion!
